1. On 8 January 1951, no aircraft [REDACTED] at the Staaken (N 53/2 65) airfield. The hangars were closed. No soldiers [REDACTED] two radio installations west of the field. The three underground fuel dumps on the northern edge of the field were guarded by three sentries wearing blue epaulets. These dumps, constructed before the field was occupied by the Soviets, were next to the sites where the fuel containers of the air unit were stored. Approximately 50 soldiers in four groups were engaged in field training on the western edge of the field. Their service color could not be identified [REDACTED]
